Polyester Zipper

## ZIP-UP Plastic Door Protector Installation

1 Apply masking tape to plastic edges and  
adhere to wall around doorway.  
Tape the top and two sides.  
\*Recommend 50mm masking tape

2 Once masking tape is applied zip door up  
to protect working area from spreading  
dust and debris.

3 Door can be opened and closed as required.  
On completion of job remove masking  
tape and pack door away for future use.
